Summary

Motivated and enthusiastic Information Technology student with knowledge of software development, web technologies, and database systems. Experienced in building real-world projects and solving technical challenges through practical implementation. Seeking opportunities to contribute technical skills, learn from industry professionals, and grow as a software engineer.

Skills

Technical Skills: Java, JavaScript, MySQL, MongoDB, MERN (MongoDB, Express.js, React.js, Node.js)

Soft Skills: Problem Solving, Critical Thinking, Communication, Adaptability, Leadership, Decision Making

Education

Sri Shakthi Institute of Engineering and Technology, Coimbatore
B.Tech in Information Technology 2023 – 2027
Current CGPA: 8.13/10

Srivi Lions Matriculation Hr. Sec. School, Srivilliputtur
Higher Secondary Education 2022 – 2023
Percentage: 84%

Projects

HIRE ME — Driver Hiring Platform (MERN Stack) 2025 – 2026

- Designed and developed a full-stack driver hiring platform using MongoDB, Express.js, React.js, and Node.js with secure role-based authentication.
- Implemented booking workflows, driver verification, trip monitoring, and dashboard management functionalities for customers, drivers, and administrators.

EVENTIFY — Event Management Application (MERN Stack) 2025 – 2026

- Built a full-stack Event Management System using REST APIs, CRUD operations, JWT authentication, and role-based access control.
- Implemented real-time seat management and Razorpay payment integration, ensuring secure registrations and preventing overbooking.

FoodShare — Food Redistribution System (MERN Stack) 2024 – 2025

- Developed a MERN-based food redistribution platform enabling organizations and individuals to donate, request, and track surplus food efficiently.
- Implemented secure authentication, donation management, request processing, and donor-recipient matching features to streamline food distribution and reduce food wastage.

Publication

EX-CHERISH (Knowledge Sharing Platform) – Published in the International Journal of Progressive Research in Engineering Management and Science (2025).

Areas of Interest

- Full Stack Development
- Backend Development

Certifications

- C, Advanced Python – CADD Centre (2023)
- Full Stack Web Development – CADD Centre (2024–2025)
- Prompt Engineering – Simplilearn (2025)
